G. Entities not preparing financial statements

For each state public sector company other than government-owned corporations, the board of directors considers the requirements of the *Corporations Act 2001* to determine whether financial statements need to be prepared. The board must revisit the assessment every three years or whenever a significant change occurs.

When entities are part of a larger group and are secured by a deed of cross guarantee (with other entities in that group agreeing to cover debts), they are not required to prepare financial statements. Small companies that meet specific criteria under the *Corporations Act 2001* also do not have to prepare financial statements.

Accordingly, the Auditor-General will not issue audit opinions for the following controlled public sector entities for 2018–19, as they have not produced a financial report.
